CONSENT FORM FOR PARTICIPATION IN THE PRUDE'S ALL
WOMEN PROJECT.

Objective- To diagnose the issues, challenges, obstacles, and trends being faced by women in their community through the gathering of "real stories". These stories will enable Prude Inc. to identify systemic barriers impeding the progress and advancement of women in the Greater Saint John area. The analysis will form recommendations to be presented to the regional municipalities in which systemic changes can be made to improve the social and economic prosperity of the diverse populations living and immigrating to the community.

I agree to participate voluntarily in the project mentioned above by providing my story and answering questions. The purpose of this consent form is to specify the terms of my participation.

- **All data and information collected by Prude Inc will be treated as confidential**, especially my full name. I can determine if I want to participate **anonymously**.
- No aspect of this story will be published or disclosed.
- Participation is voluntary and there is no explicit or implicit coercion whatsoever to participate.
- If I choose video or voice recording, I can protect my identity.
- To upload my file on the platform of Prude Inc, I do not need my email account or any information that can make my identity vulnerable.
- If I choose the interview format, while this is on-going, I can decide on the question(s) I want to answer during the interview and the one(s) I do not wish to participate in.
- Interviews can be carried out by writing, in-person or through a cloud-based video conferencing platform.
- Irrespective of the channel or means of interview, the average time for the interview is about 35 minutes.
- The interviewer will know my identity, but my name will not be used in the report writing to ensure confidentiality.

I understand that the overall aim of taking part in the project will be for Social and Economic prosperity of the people living and immigrating in the municipality/community.
